

1. Call to Order:

Approval of July minutes

2. President Report – Jane Fife

- OSU Training program – Connor Kovack and Alana Kirchmer will join Zoom to explain program – provided overview of Lower Extremity Injury Prevention (LEIP) within Olentangy District. 2x a week; 14 sessions; # of athletes \$16 - \$26 per athlete. Offseason, with goal of satisfactory outcome and can continue to implement by coach/team to continue to work on and continue to build on foundation. \$395 option to do LEIP program at the clinic if it's too expensive for the team. Movement mechanics and specific to injury prevention. Connor will provide additional details for further review; \$3,500 was what we spent on Kenny previously. Possible to budget in depending on how we do with Snap raise. Would like to do it in June / July but # of people flexes; also doesn't help if you don't do all 14 sessions. It would have to be a set price, not by person.

 - Matt thinks another invoice for BSN still outstanding for ~\$8,100 (practice kits); **Matt will ask to see if we can carry any amount next year**
 - Storied Rivals still pending; may need to adjust for this year, budget \$3000
 - Athletic director to offset some of the uniform expenses (\$2500 - \$4000), \$4000 is what we have budgeted, Matt to follow-up with Jonny
